

ESC Elections 2024-2026 – Councillor – Letter of Motivation

To whom it may concern:

For the upcoming ESC Board elections, I wish to candidate as Councillor of the ESC Board 2024-2026.

I have worked for many as a volunteer in the ESC in various positions, i.e. member of the Congress Program Committee, topic coordinator of the Congress Program Committee, writing committee member of the 2018 ESC/ESH Guidelines on Hypertension and the 2019 ESC Guidelines on Chronic Coronary Syndrome, and as liaison officer and secretary of the Council on Hypertension. During these activities, I have learned a great deal about the importance and tremendous contribution of the ESC associations, working groups and councils to the success of our society and have always strived to serve the vision of the ESC.

I shall do everything in my power to facilitate the growth and development of the ESC in the years to come, in particular I wish to further promote the awareness of preventive cardiology including hypertension and other cardiovascular risk factors, support the activities of young colleagues (Cardiologists of Tomorrow), develop novel and innovative educational formats and activities, and continue to improve gender and geographical inclusiveness of the ESC.

I would be extremely honored to serve as Councillor of the ESC Board 2024-2026. Please feel free to contact me, so that I can elaborate personally in regard to my professional and personal qualifications and visions, as desirable.

Sincerely,

Felix Mahfoud, MD, MA
